

RUTHERFORD COUNTY BOARD OF COMMISSIONERS
RESOLUTION
APPROVING CHANGES IN ADJOINING
SERVICE DISTRICT BOUNDARIES

WHEREAS, the County of Rutherford (hereinafter referred to as County) has established county service districts pursuant to Article 16 of Chapter 153A of the North Carolina General Statutes for the purposes of fire protection (hereinafter referred to as County Service Districts); and

WHEREAS, these county service districts were established on the basis that would maximize the number of individual tracts of real property located within Rutherford County that would be located within six (6) miles of an established fire department; and

WHEREAS, in order to implement this purpose, each individual tract of real property was placed within the six-mile radius of the nearest said fire department as best as could be determined using tax maps, aerial photographs, and other methods by County staff; and

WHEREAS, certain individual tracts of real property are not placed in the most efficient or correct county service district due to such factors as best and safest access being through roads better served by a different fire department than serving their current county service district, or by simple error or inadvertence; and

WHEREAS, at the establishment of these county service districts for fire protection purposes, certain individual tracts of real property were not able to be placed within the six-mile radius of any fire department due to their location but are now able to be placed within such a six-mile radius due to new fire substations being established, new routes for such servicing being created, and/or by correction of simple error or inadvertence; and

WHEREAS, Fairfield Mountains Volunteer Fire Department, Inc., has ceased providing fire protection services to the particular fire protection service district known as the Fairfield Mountains Fire Protection Service District, said service district as shown on the map attached hereto as Exhibit "A"; and

WHEREAS, fire protection services to many of the parcels currently within the Fairfield Mountains Fire Protection Service District will be made possible as a result of the extension of such services by Lake Lure Fire and Rescue, a municipal fire department of the Town of Lake Lure, North Carolina, through their future use and occupation of a second fire station that had formerly been used to provide fire protection services by the Fairfield Mountains Volunteer Fire Department, Inc.; and

WHEREAS, other parcels currently shown within the Fairfield Mountains Fire Protection Service District actually lay outside the six-mile radius of any service district and need to be added to the service district created for the Outside Response Area (the "ORA") in order to be included for contracted fire protection services within the ORA; and

WHEREAS, it is the desire of the County: to account for more efficient fire protection service for certain properties after better assessment of road access; to correct any errors; to account for the parcels otherwise left with no fire protection services due to the closure of the Fairfield Mountains Volunteer Fire Department, Inc.; to account for the opening of the second station by Lake Lure Fire and Rescue in the manner most efficient for those services; each to be accomplished by changing the boundaries of adjoining county service districts in such a manner as to ensure that each such tract is actually served by the appropriate fire department; and

WHEREAS, each of the adjoining service districts affected hereby were established for substantially similar purposes with each other, and a report was prepared and available to the public in the office of the clerk to the board at least two weeks prior to the public hearing, which report included the appropriate information required by N.C. Gen. Stat. §153A-304.3(b); and

WHEREAS, notice of the public hearing for the changing of such county service districts for fire protection purposes has been provided by publication of notice of hearing at least once not less than one week before the date of the hearing and that such public hearing has been conducted; and

WHEREAS, the Rutherford County Fire Marshal has caused to be created new fire service district maps using the GIS system as shown in the attached Exhibit "B", Exhibit "C", and Exhibit "D", and reflects the parcels affected by the changes in each county service district by the spreadsheets as shown in the attached Exhibit "E", Exhibit "F", Exhibit "G", Exhibit "H", Exhibit "I", and Exhibit "J".

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS that, pursuant to N.C. Gen. Stat. §153A-304.3, the Rutherford County Board of Commissioners approves the new boundary lines for each of the proposed boundary changes each as shown on the maps attached hereto as referenced above, as follows:

- (1) Boundary lines from the Fairfield Mountains Fire Protection Service District to the Lake Lure Rural Fire Protection Service District as shown on the maps attached hereto certified by the County Fire Marshal and as shown on spreadsheets attached as Exhibit "E", Exhibit "F" and Exhibit "I";
- (2) Boundary lines from the Fairfield Mountains Fire Protection Service District to the Outside Response Area as shown on the maps attached hereto certified by the County Fire Marshal and as shown on spreadsheets attached as Exhibit "G";
- (3) Boundary lines from the Outside Response Area to the Lake Lure Rural Fire Protection Service District as shown on the maps attached hereto certified by the County Fire Marshal and as shown on spreadsheets attached as Exhibit "H" and Exhibit "J".

The effective date for the changes for each of the above districts shall be July 1, 2025.

ADOPTED this the 2nd day of June, 2025.

Approved: _____
Chairman Bryan King
Rutherford County Board of Commissioners

ATTEST: _____
Clerk to the Board
