Steve,

As we discussed, I am submitting a request for an agenda item for a capital reserve item. We have received the attached quotes for mowing equipment which is currently on State contract. We are hoping to acquire two new mowers which have a variety of functions, including implements to assist with snow clearing. These are items we discussed during the budget process without details but in terms of the equipment needed to assist staff with the additional facilities and acreage added for regular maintenance. The two items are as follows:

Grasshopper Mower 61" deck and implements	\$17,856.30
Ventrac Mower 72" deck and implements	\$28,136.29
Total	\$45,992.59

Prices on the estimates do not include sales tax so with the amounts estimated for ST, I would like to request \$50,000 from the College's capital reserve to purchase this equipment. Please let me know if you need additional information and I will be at the meeting in the event there are questions.

Regards,

Stephen Matheny
