Meeting Date: March 4, 2019

Public Hearing - Transit Operations

Summary:

A public hearing will be held to provide information to the Commissioners and to the public on two new Transit routes that are being implemented to solve a problem of long travel times on the current route. A hearing gives the public a chance to express any concerns related to the changes. This is especially true since several bus stops are proposed to be eliminated.

An attached brochure shows all the new/revised pick up locations and times.

No approval is required by the Commissioners, unless the Board chooses to do so. Transit will also seek public input from riders until March 15th.

Budget:

N/A
