Proposal

Date: January 15, 2026

Proposal Submitted To: Isothermal Community College
Attn: Tim Beam

Job Name: Maintenance Building FACP/Device Upgrade

Project Description: This proposal is to provide and install a new Edwards EDGE panel and devices, device-for-device, in the Maintenance Building. Haynes Technologies will provide necessary equipment, installation, and testing as required.

THIS PROPOSAL DOES NOT INCLUDE: Raceways of any type, mounting of special boxes, 120V power or surge protection, permits, lifts, firestopping, after-hours work, access panels/installation, removal of the existing recessed fire alarm backbox or can embedded in the masonry or block wall, demolition, cutting, coring, or modification of masonry, concrete, or structural wall assemblies, patching, repair, restoration, painting, or finishing of walls or architectural surfaces impacted by existing or abandoned recessed equipment, flush-mounting of the new fire alarm control unit into existing recessed enclosures not compatible with the manufacturer's listed backbox, fabrication or installation of architectural trim, decorative enclosures, or aesthetic finishes beyond a functional metal cover plate required to cover the existing recessed opening, relocation of embedded conduits or concealed wiring within masonry walls beyond termination at the new surface-mounted panel, coordination or work by other trades including general contractor, masonry, drywall, or painting services, correction of pre-existing or concealed wall conditions, etc.

Price: \$9,610.00

-Note: The price(s) quoted above are valid for 30 days from the date of this proposal. After the specified 30-day period, prices may be subject to change without notice. Haynes Technologies reserves the right to revise our pricing based on market conditions and other factors beyond our control.

-Note: Haynes Technologies will provide a technician onsite for trade test and inspector testing. We will provide a (1) hour wait time. If the test has not begun within that (1) hour period, the technician will leave the site and the testing will need to be rescheduled for a later date and time.

-Note: Sales Tax will be billed on the entire invoice including labor for work performed that falls within the NC Department of Revenue general statute 105-164.4B referencing repairs, maintenance, and installation services. If work performed is related to NC Department of Revenue general statute 105-164.4(a)(16) referencing Capital Improvement Projects, MB Haynes requires receipt of a signed 589-CI from the facilities owner as required by NC Department of Revenue.

Payment to be made as follows:

Monthly estimate of labor and materials submitted by the end of the month. This amount payable on or before the 15th of the following month. Final payment due within thirty (30) days of completion.

Acceptance of Proposal - The above prices, specifications, and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.
